FISHER BARTON AWARDS BONUS PAYMENT TO ALL EMPLOYEES

WATERTOWN, WI, February 25, 2021 --- Fisher Barton, a leading metallurgical science company that develops high wear and cutting components, today announced a bonus award payment for all US-based employees. The bonus payment of \$1,250 will be distributed in mid March and represents the company's gratitude for the employee support and commitment to serving customers during the recent pandemic and time of disruptive business conditions.

Scott Hoffman discusses a recent process improvement with employees of the Fisher Barton Zenith Cutter Division

Scott Hoffman, Fisher Barton, CEO, stated, "On behalf of the company, our board and the Wilkey family, I am pleased to distribute the bonus payment to all of the individuals responsible for enabling Fisher Barton to provide a high level of service to our Customers in 2020, despite uncertain demand and choppy production schedules in 2020."

Hoffman continued, "We are thankful and proud of Fisher Barton's workforce and truly wanted to acknowledge the many contributions responsible for our continued success and growth. We look forward to continuing the development of innovative and leading edge solutions for our customers in 2021 as we expand our dedicated workforce."

About Fisher Barton -- Fisher Barton is a metallurgical science innovation partner for high wear and cutting components. Our expertise stems from our world-class talent who understand the behavior of material and the application of proprietary heat treating and thermal spray solutions that reimagine a component's lifespan beyond the core manufacturing capabilities of stamping, bending, forming, cutting, welding, machining and casting. Eight locations in Wisconsin, Illinois, and Vietnam innovate blades and turf care components, bronze motion control products, industrial knives and various other wear components. Fisher Barton is more than a source for high-quality parts; Fisher Barton is your partner for the highest quality solutions found —anywhere. For more information, visit www.fisherbarton.com.
